

Year 12 Art, Craft and Design.

A level Project 1: Structures

For the first Art lesson you must bring with you all the work you have produced from the starting points listed below. All of these words are related to the overarching project title of **Structures**. It is up to you to link those starting points with **Structures**. Produce a variety of photographs, drawings, artist research and descriptions that you can display to the rest of the art, craft and design group.

The amount of work you produce is entirely up to you.

Base your research on these starting points.

1. Buildings
2. Organic Structures
3. Typographic Structures
4. Anatomical Structures

Be Inspired,

Best of Luck

Graham Handyside, Philippa Greening – Art and Design, Shaftesbury.
