

September 2017

Dear Parent/Carer

Research has proven that the active and informed involvement of a parent in their child's education is the single greatest influence on final achievement. As a school we are always looking to work more closely with parents and to this end, to help support you support your child, we are holding a parents' information evening on Thursday 28th September from 6:15-8:00pm. This will form part of a programme of support for your child this year to help them achieve their full potential.

The parents' information evening will be composed of a series of workshops designed to help you support your child as they prepare for their GCSEs. These workshops will include a variety of curriculum subjects, post 16 careers choices, information about how to support revision and practical strategies to help them manage stress and feel prepared. You will be able to attend those that you feel are most appropriate and will also be able to access the materials for all workshops via the website after the event.

If you would like to join us please book your place onto up to 3 workshops of your choice on the form attached and return it to your child's form tutor. Please check with your son/daughter that they have returned the form as workshops cannot be guaranteed without it. Workshops will be filled on a first come, first served basis and must be pre-booked by Tuesday 26th September.

Yours faithfully,

Ms L Baxter
