

Arrangements for Year 11 at the end of year – NO STUDY LEAVE

Up to Friday 25th May 2018:

Students attend **ALL** of their lessons. If a student has an exam, then they should go to this exam instead of their lesson.

From 6th June onwards:

- Subject lessons will continue to be taught in the normal way, with ALL students attending these lessons until the last exam in that subject is taken. We call these **'continuing lessons'**.
- Once the last exam in that subject has taken place, (and in non-exam subjects); the subject lessons will still be timetabled, along with the teacher of those timetabled lessons, but they become **'study lessons'**. Students still have to attend these lessons and use them to study for exams still to be taken. Teachers will take registers for these lessons, as usual.

Exceptions:

- If a student has no **'continuing lessons'** to attend in the morning, (i.e.) their morning consists of PE, History and a Drama lesson and they've already sat these exams, **they can come in late and sign in at student reception.** They must go straight to the Main Hall for their exam or straight to their timetabled, **'study lesson'** lesson.
- If the student has no **'continuing lessons'** that day and no exams, **they do not need to come in.**
- If they have been in for an exam or a **'continuing lesson'** and they have nothing else that day, **they can leave early,** including BHH students.
- **Students are not allowed to leave the school site and then return later in the day.** They either come in late, or go home early. **If students require a bus at the end of the day, they will have to attend all day** – they cannot leave and then return for their bus.
- Lunch **will not be provided at Barton Hill House for boarding students.**
- This will operate until Friday 15th June 2018, (the last day of GCSE exams)

In summary: When in school, until Friday 15th June 2018, students will be either;

- 1) in an exam
- 2) in a **'continuing lesson'** working for that subject's exam
- 3) they will have completed an exam in the timetabled subject and they will be in that lesson only as a **'study lesson'** studying for other exams, supervised and registered by the usual teacher of that lesson.
